

Byishimo Olivier

oliverbyo34@gmail.com

Professional Summary:

Aspiring Software Engineer and Certified Cybersecurity Technician (C|CT) with strong technical skills in Java, web development (HTML, CSS, Next.js), mobile development (Flutter), and network operations. Passionate about building user-focused solutions and securing digital infrastructures. Proven experience in full-stack development, database management, customer support, and cybersecurity fundamentals. Committed to continuous learning and innovation.

Work Experience

Web Developer | Ndiisi Ltd – Kigali, Rwanda *November 2024 – April 2025*

- Designed and deployed five responsive websites using WordPress, Node.js, and Next.js.
- Migrated legacy PHP systems to modern platforms, boosting performance and scalability.
- Built and managed RESTful APIs and integrated backend services for dynamic content.
- Implemented SEO-friendly rendering strategies and deployed via Vercel for 99.9% uptime.
- Provided post-launch training and maintenance documentation to clients.

Database Manager Assistant | Rwanda Women Network – Kigali, Rwanda *May 2022 – February 2023*

- Digitized and verified critical data, ensuring accuracy and reporting compliance.
- Supported IT teams in optimizing database workflows and conducting audits.
- Participated in data backup testing and disaster recovery plans.
- Used Excel, Google Sheets, and internal tools for data management.
- Created flyers and supported a travel startup in content design and brand improvement.

Customer & Technical Support | Lucky Bet – Rusizi, Rwanda *January 2022 – May 2022*

- Provided real-time customer support on betting services and technical hardware.
- Diagnosed hardware/system errors on-site and performed first-level maintenance.
- Authored user guides for faster problem resolution and improved customer satisfaction.

Team Leader & Data Collector | ITEC Ltd – Rusizi, Rwanda *December 2021 – February 2022*

- Supervised 10-person data team for a regional development project.
- Ensured data quality and submitted weekly reports to senior management.
